## SOFTWARE DEVELOPER

Experienced and passionate web developer proficient in HTML, CSS, JavaScript/TypeScript, REST API, Apollo GraphQL, React, Node, MySQL, MongoDB, and other web development tools. Skilled in mentoring, client consultations, and application development. Committed to staying up-to-date with industry trends, delivering high-quality results, and making a significant impact in web development. Seeking full-time employment to leverage my skills and expertise as a software developer to drive positive change, deliver innovative solutions, and make a significant impact in the field.

## EXPERIENCE

03/2022-present  
University of California, Riverside

### Teaching Assistant

- Assisted with the Full Stack Web Development bootcamp, providing support and guidance to students.
- Created interactive learning experiences by utilizing a diverse range of technologies, allowing students to gain hands-on experience and understand the inner workings of the technologies used.
- Maintained a positive and productive work environment by setting clear and attainable goals for students, fostering their confidence in their abilities.
- Covered a comprehensive curriculum including HTML, CSS, JavaScript, Node.js, Express.js, Git, MySQL, MongoDB, ORM/DRM, Apollo GraphQL, and React.js.
- Facilitated homework reviews and guided pair programming sessions to address any challenges or areas of difficulty, helping students improve their understanding of the concepts.

02/2022-present  
edX Bootcamps LLC

### Tutor

- Provided individualized instruction to students in a variety of subjects, tailored to their specific needs and academic goals.
- Motivated students to think critically and fostered their independence as learners by instilling confidence in their abilities to apply acquired knowledge.
- Facilitated discussions that encouraged students to explain their code and concepts at a higher level, promoting pattern recognition and deep understanding.
- Attained the top position among all tutors across all edX courses by receiving the highest student feedback metric, highlighting the exceptional quality of support and instruction provided.

07/2020 - 08/2022  
Third Project Development

### Freelance Developer

- Developed full-stack web and mobile applications according to client's request. Consulted with clients to determine the best course of action for applications.
- Analyzed user requirements and converted requirements to design documents leveraging excellent communication and interpersonal skills to steward professional relationships with all clients for increased retention rates.
